OV LIBRARY COMMITTEE

on summer hiatus through July and August

The Library Committee meets on the first Tuesday of the month (-/-) at 3:00p in the OV Library. During meetings, residents are welcome to come and share their concerns (or praises) about the Library.

With the publication of David Allen Sibley's first bird identification book, bird lovers recognized a talented and unique voice. In *What It's Like to Be a Bird*, he reveals both a profound and tender understanding of our feathered friends. Adding to our collection of U.S. presidential administrations are *Demon of Unrest* in which Erik Larson describes the fraught period between Lincoln's election and the shelling of Fort Sumter. Doris Kearns Goodwin offers profiles of Lincoln, Theodore & Franklin Roosevelt, and Lyndon Johnson in *Leadership in our Turbulent Times*; Garry Wills writes about *Lincoln at Gettysburg*. In future, I wonder how the current administration will be described and by whom. Other **Non-Fiction** includes a hiking guide, *Southern Maine Trails* by Jill McMahon. Like Sibley, McMahon shows a personal love and affinity for her subject. There are colorful photographs and charming descriptions. Best of all, these trails are close to home and many are quite easy.

Turning now to **Fiction**, our classics this month are *The Good Earth* and *Uncle Tom's Cabin*. No need to name the authors! Two popular books you might like are

North Woods by Daniel Mason and *Lady Tan's Circle of Women* by Lisa See. By the book jacket, *The Last One at the Wedding* by Jason Rekulak sounds like a thriller. *Beneficence* by Meredith Hall has been compared to works by Marilynne Robinson and Kent Haraf. That cinched it for me! Many of you will be pleased to hear about a new **LGPR**: *The Book of Longings* by Sue Monk Kidd.

Added to **OVAuth** is Tom Troeger's *Song That Blesses Earth*. This is a collection of hymns, texts, carols and poems by a former resident. Not surprisingly, Tom's verses flow with wonderful rhythm and images.

The committee takes a break from selection in July and August.

COMMUNITY COUNCIL REFLECTIONS

Nancy Wanderer, President

Susan and I moved to OceanView in 2012, not knowing how wonderful it would be to live in a community of deeply connected, caring people. We were here for about two years before learning about Community Council (which was then called "Resident Council"). Initially, we thought the Council must be a small group of elected residents who made decisions about life on campus for the rest of us. When we finally got around to checking it out, we were delighted to realize that Community Council was a place to learn about everything going on at OceanView and to ask questions and express our opinions about how to make this a better place to live.

In 2017, when I agreed to serve as Council president, I began by amending the Council by-laws, which were lengthy and legalistic. One of the amendments I suggested was changing the name to "Community Council" to reflect our vision of including the whole community, not just the residents, in our monthly meetings. The amendments also included term limits for officers and simplified operating procedures for the Council.

Now, eight years later, the current Council officers are proposing the following additional amendments to the by-laws: (1) adding a provision allowing the officers to call a special meeting if they deem it necessary, (2) allowing past officers to run for additional terms after a hiatus of one year, (3) allowing the Nominating Committee to nominate one of the current officers to serve for an extended term if all three officers' terms were set to expire at the same time, (4) making the Secretary responsible for distributing the Minutes to residents and archiving the Minutes and other official Council documents on the OceanView Portal, (5) increasing the dollar amount of

(Continued on page 9)

payments made by the Treasurer that require authorization from the Council or another officer, (6) providing that a copy of the current by-laws, as well as the proposed amendments, be provided to residents at least 14 days (rather than 30 days) before the meeting at which the amendments will be voted upon, and (7) providing that approval of an amendment will require a majority affirmative vote (rather than a two-thirds majority.)

As required by the by-laws, I am providing a copy of the by-laws as amended in 2017 and a copy of the by-laws containing the changes we are proposing in 2025. If you have any questions, please contact me at wanders8899@gmail.com.

[These materials went out via email on Tuesday, June 17th. Copies of each will be available to review in the OV Library]

Oneness Meditation with Anne Dean at OceanView and at Cumberland Crossing

Tuesdays at 11:00a in the Fitness Studio (FS)

Thursdays at 4:00p, 1 Firefly Ln or Northwind Farm

Anne Dean, anneldean@gmail.com

“The simple art of meditation, even 5 minutes a day, has the potential to alter your life in profound and beautiful ways. Meditation can help you to be more authentic and less conditioned in your response to life, and to those in your life. Meditation changes your brain waves, your creativity patterns and your ability to love and be compassionate to yourself and to others.

The form of meditation I teach is a guided meditation and has an active component to it helping the meditator stay focused and present, instead of drifting off to wherever your mind is apt to lead you. There are 5 steps in the meditation and each step has been scientifically proven to shift the body and mind into a more calm and relaxed state. The meditation is 20 minutes long.

If you've been told meditation would be good for you and just never tried, or have tried and not succeeded, then this meditation might be the one that launches a positive meditation experience for you. We welcome both experienced and non-experienced meditators. Come join us as we connect to a higher consciousness, calm our mind, relax our muscles, reduce our stress and lower our blood pressure, leaving us with a sense of overall well-being and deep inner peace.”

The Irish... And How They Got That Way is an irreverent history of the Irish through the tumultuous 20th and 21st centuries through the eyes of Pulitzer Prize winning author, Frank McCourt. McCourt's razor-sharp wit, coupled with his trademark bitter irony and his boundless love for the Irish People, are all underscored by glorious music extending from the auld Irish folk ballades to contemporary Ireland's U2. Starring MSMT favorites Curt Dale Clark, David Girolmo, Heidi Kettenring, and Charis Leos. Directed and choreographed by the acclaimed Marc Robin, this

Larry Dyhrberg “Sutton Tales” Book Talk, reading and signing

Tues., 7/1 3:00p HTL

Larry will be reading from and discussing his recently published book, Sutton Tales. Books will be available

for purchase, \$21.

Sutton Tales traces the paths of Hélène Honoré

Levesque and Gilbert Jenkins, two young Maine Milltowners, across the arc of the Twentieth Century. Hélène and Gilbert grow through the challenges and successes of life in their close-knit town on the banks of the Nine Falls River, even as the world into which they know changes on the rapids of modern American life. Family, friends and their own unique selves serve as the

foundations of those journeys.

Larry Dyhrberg taught history from 1964 through 2012, thirty-three years of which were at Westbrook High School in southern Maine. He lives on the family farm in Falmouth as *un homme au foyer* for his wife, Michelle, and Chaussette, *le chien*. His passion for writing has been stoked over the years by the support and superb criticism of his fiction workshop colleagues at the Osher Lifelong Learning Institute.

"The Rule of Law"

Discussion with William Harwood, attorney

Wed., 7/23, 3:00p BBC

Time for another discussion about democracy. This session will focus on "The Rule of Law." As that basic principle is under attack, the term is in the news a lot these days. It goes back to our nation's founding. In rejecting a monarchy, the framers of the Constitution believed the new nation should be governed by laws and not by men. But today does the "rule of law" really exist and if so what does that mean? Is it a rule? Is it an idea? Is it an aspiration? How does it function?

We will be aided by Attorney William Harwood who has practiced law in Maine for over 35 years both in private practice and, until recently, as the Maine Public Advocate representing the interests of Maine utility consumers. But of immediate interest, he is a founder of *Maine Attorneys for the Rule of Law*, an organization supporting the fundamental principles of our legal system. Join Tom Allen, Len Freeman and William Harwood and explore this important pillar of our democracy.
